Add Store Listing to OWF

Introduction

- AML Points of Contact:
 - Gov't PM: Jason Kahn
 - Gov't Technical Lead: Ian Nelson
 - Email: AppsMallTeam@owfgoss.org

- **Purpose:**
 - The Store enables users to **search, discover, create** and **use** a variety of applications or software components that are known as **“listings.”**
 - Like commercial software stores, the Store offers quick, easy access to business, mission and convenience applications.

- **System Requirements:**

- **Supported Application Server:**

- Apache Tomcat 7

- **Supported Database:**

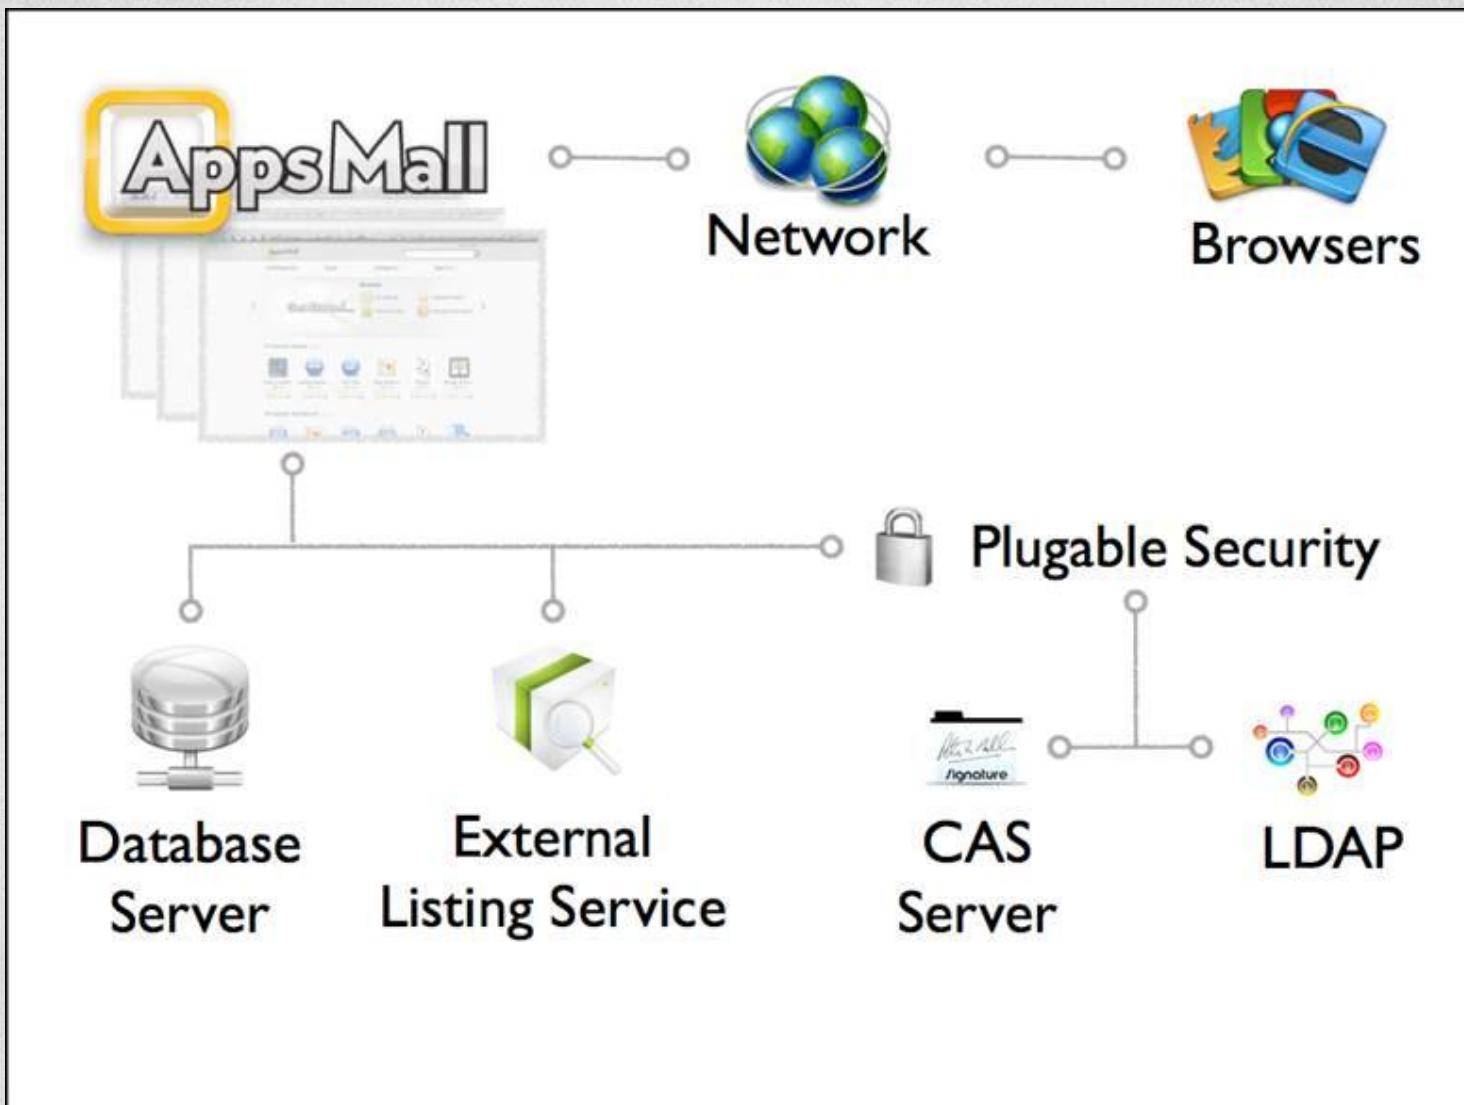

- MySQL

- * Oracle, PostgreSQL and SQL Server will be tested in future releases.

- **Supported Browsers:**

- Internet Explorer 7 & 9
 - Firefox 17
 - Chrome 25

Search Bar

The screenshot shows the Apps Mall website interface. At the top, there is a dark header bar with a blue navigation bar above it. The blue bar contains links for "My Apps", "App Components", "Store", a help icon, and "Test Admin 1". The main title "INTELLIGENCE COMMUNITY" is centered above a search bar with a magnifying glass icon. Below the header, there is a navigation menu with dropdowns for "Intelligence", "Type", "Category", and "Agency". A large "Apps Mall" logo is positioned on the left side of the page. On the right, there is a "Browse" section with icons for "All Listings" (two squares) and "New Arrivals" (a square with the number 31). A "Highest Rated" section with a star icon is also present. A large "Get Started..." button is located in the center. A green arrow on the left points to the "Apps Mall" logo, and another green arrow on the right points to the search bar.

The screenshot shows the AppsMall store interface. At the top, there's a navigation bar with links for 'My Apps', 'App Components', 'Store', and a help icon. On the right, it shows 'INTELLIGENCE COMMUNITY' and a user profile for 'Test Admin 1'. Below the navigation, there are dropdown menus for 'Intelligence', 'Type', and 'Category'. A green line connects the 'User Menu' section to the 'OWF Options' section in the store interface. The main content area features a 'Get Started...' button, a 'Browse' section with 'All Listings' and 'New Arrivals' (31), and a 'Highest Rated' section with a star icon. Below these are sections for 'Fix It', 'Rescue Pers...', 'Search Glass', 'Diagonal Pro...', 'IC Connect', and 'Liquid Comp...', each with a small icon and a star rating.

**Discover New
and Top Rated
Store Listings**

The screenshot shows the AppsMall Discovery Page with a dark background. At the top, there are four dropdown menus: 'Intelligence', 'Type', 'Category', and 'Agency'. Below them is a search bar with a magnifying glass icon. A large green arrow points from the 'Discover New and Top Rated Store Listings' text on the left to the 'Highest Rated' section. Another green arrow points from the same text to the 'New Arrivals' section. The 'Highest Rated' section features a star icon and the text 'Highest Rated' with a 'see all' link. It displays six app icons with their names: 'Fix It', 'Rescue Pers...', 'Search Glass', 'Diagonal Pro...', 'IC Connect', and 'Liquid Comp...'. Each app has a small image, a name, an 'Alpha' badge, and a star rating. The 'New Arrivals' section features a calendar icon and the text 'New Arrivals' with a 'see all' link. It displays six app icons with their names: 'Fallout Prep.', 'Dynamic Sol...', 'Radio', 'Flight Watch', 'Disaster Rec...', and 'Road Conditi...'. Each app has a small image, a name, an 'Alpha' badge, and a star rating. At the bottom, there is a footer with links for 'Resources', 'Browse', and 'My Account'.

★★★★★ (1)

Cloud, File, Database

This is the Fix It application component, designed to help users with diagnosing and repairing basic to complex system errors. Use the state of the art diagnostic tools to find and identify errors. Fix It provides users with multiple solutions to their needs. Lastly, our Go Find It tool is useful for finding similar errors in other systems of the same classification.

Read more

< >

This is the second slide of the carousel. It shows a detailed view of the 'Fix It' application. It includes a thumbnail image of the app icon (a blue circle with a hammer), the app name 'Fix It', its status 'Alpha', its rating (1 star from 1 review), and its download categories. A descriptive text block explains the app's purpose and features, ending with a 'Read more' link. Navigation arrows are present at the bottom.

Tutorials

INTRODUCTION TO OZONE

3:04

o o •

This is the third slide of the carousel. It displays a video thumbnail titled 'INTRODUCTION TO OZONE'. The thumbnail shows a dark blue background with the text 'INTRODUCTION TO OZONE' in white. A progress bar at the bottom indicates the video is 3:04 minutes long. Below the thumbnail, there are three small circular dots, likely indicating the video is part of a series. Navigation arrows are at the bottom.

Get Started Carousel

A screenshot of a mobile application interface. At the top, there is a navigation bar with the AppsMall logo, a search bar with a magnifying glass icon, and four dropdown menu items: "Intelligence ▾", "Type ▾", "Category ▾", and "Agency ▾". Below the navigation bar, the main content area features a large, semi-transparent overlay with the text "Get Started..." in a bold, white, sans-serif font. To the left of this text is a left arrow icon, and to the right is a right arrow icon. In the center of the overlay, there is a green upward-pointing arrow pointing towards a grey rectangular callout box. This callout box contains the text "Link to Store Tutorial". To the right of the "Get Started..." text, there is a section titled "Browse" in yellow. It includes three circular icons with text: "All Listings" (with a grid icon), "New Arrivals" (with a counter "31" and a box icon), and "Highest Rated" (with a star icon). All three of these circular icons are highlighted with green ovals. A small ellipsis "..." is positioned between the "New Arrivals" and "Highest Rated" sections. To the right of the "Highest Rated" section is a right arrow icon. A large, semi-transparent grey box is positioned on the right side of the screen, containing the text "Browse specific Listing groups" in a large, bold, black font.

Get Started Carousel

A screenshot of the AppsMall website interface. At the top, there's a navigation bar with the AppsMall logo, a search bar with a magnifying glass icon, and dropdown menus for 'Intelligence', 'Type', 'Category', and 'Agency'. Below the navigation is a product listing for 'Fix It'. On the left, there's a large green arrow pointing right. The product image is a blue circular icon with a hand holding a wrench. Below the image, the product name 'Fix It' is displayed, followed by a gold circular badge with the text 'Alpha'. Underneath the badge is a five-star rating with one star highlighted, and the number '(1)' in parentheses. To the right of the product image, the text 'Highest Rated' is displayed in bold yellow letters. A detailed description follows: 'This is the Fix It application component, designed to help users with diagnosing and repairing basic to complex system errors. Use the state of the art diagnostic tools to find and identify errors. Fix It provides users with multiple solutions to their needs. Lastly, our Go Find It tool is useful for finding similar errors in other systems of the same classification.' Below the description is a 'Read more' link. At the bottom of the listing are three small circular dots, likely indicating a scrollable section. Navigation arrows are visible on the far left and right edges of the screenshot.

Detailed View - Admin

The screenshot shows the AppsMall Admin interface. On the left, there's a sidebar with a logo, a search bar, and several buttons: 'Fix It' (with a gear icon), 'Alpha' (with a star icon), a rating of 5 stars (1), 'Start' (with a power icon), and 'Add' (with a plus icon). Below these are 'Settings' options: 'Inside' and 'Outside' (with a location pin icon), 'Approve' and 'Reject' buttons (with thumbs up and down icons), and an 'Actions' dropdown menu. The main content area has tabs: 'Description', 'Feedback', 'Scorecard' (which is highlighted with a green border), and 'Details'. Under the 'Scorecard' tab, there are seven questions with 'YES' and 'NO' toggle buttons:

- Is Enterprise Management System (EMS) part of the support structure? (NO)
- Is the application hosted within the infrastructure of the cloud? (NO)
- Does the application utilize IC ITE Security Services? (NO)
- Does the application elastically scale? (NO)
- Does this system operate without license constraints? (NO)
- Is the application data utilizing cloud storage? (NO)
- Is the application accessible through a web browser? (NO)

Scorecard Tab: Displays how well the Listing meets the Franchise Store's acceptance requirements.

Click on Yes/No toggle to change Scorecard result.

3 Basic Steps to Create a Listing

- **Select Listing Type**
- **Complete New Listing Form and Save**
- **Submit Listing for Administrator Approval**

Create Listing

Step 1: Select Listing Type

The screenshot shows the AppsMall website interface. At the top, there is a navigation bar with links for Intelligence, Type, Category, and Agency. A search bar is also present. Below the navigation, a large button says "Get Started". In the center, there is a modal window titled "Browse" with a sub-section "Create A Listing". Inside the modal, there is a dropdown menu labeled "Type" with the placeholder "Please Select a Type". The dropdown menu is open, showing two options: "App Component" and "Web App". Below the dropdown are "OK" and "Cancel" buttons. A large green arrow points from the text "Select App Component" to the "App Component" option in the dropdown menu. The background of the page shows some "Highest Rated" items with small preview images.

Type Please Select a Type

App Component

Web App

OK Cancel

Create Listing

Step 2: Complete New Listing Form

The screenshot shows a dark-themed web application for creating a new listing. At the top left is the AppsMall logo. To its right is a search bar with a magnifying glass icon. A blue header bar contains the text "New Listing". Below the header, there are two sections: "Status" (with the note "This Listing is New") and "Details" (with the note "Please fill in the details provided below").

A large callout box with a gray background and a black border is overlaid on the form. It contains the text "Fields with red * are required". Two red arrows point from the text "Primary Characteristics" to the "Name" and "Type" fields. The "Name" field is a text input, and the "Type" field is a dropdown menu set to "App Component".

The "Primary Characteristics" section also includes fields for "State" (set to "Active"), "Version" (empty), and "Release Date" (with a calendar icon). Below this is a "Description" area with a text input field and a character count indicator "(4000 Characters Remaining)".

Create Listing

Step 2: Complete New Listing Form

The screenshot shows the 'New Listing' page of the AppsMall application. At the top left is the AppsMall logo. To its right is a search bar with a magnifying glass icon. Below the header is a blue navigation bar with the text 'New Listing'. Underneath, there are two sections: 'Status' and 'Details'. The 'Status' section contains the message 'This Listing is New'. The 'Details' section contains the message 'Please fill in the details provided below.' Below these sections is a group of input fields labeled 'Primary Characteristics'. These fields include: 'Name' (input field), 'Type' (dropdown menu showing 'App Component'), 'State' (dropdown menu showing 'Active'), 'Version' (input field), and 'Release Date' (input field with a calendar icon). A large green arrow points from the left towards the 'State' field. At the bottom of the page, there is a callout box containing the text 'State must be Active to add Listing to OWF'.

Step 3: Submit Listing for Administrator Approval

The screenshot shows a dark-themed web interface for managing app listings. On the left, there's a sidebar for a listing titled "Training Test App Component" with a yellow icon containing a question mark. The main content area shows tabs for "Description" (which is active), "Feedback", "Scorecard", and "Details". The "Description" tab contains the text "Testing, Testing 1, 2, 3". Below the tabs, there's a user profile section with a circular icon labeled "qa01" and a rating of "(0)". A large callout box on the left side contains the text: "Click the button below to submit your listing to your local administrator for approval." Below this text is a green "Submit" button. A large green arrow points from the text "Click Submit" to the "Submit" button. At the bottom left, there's a "Actions" dropdown menu.

Listing Approval - Admin

To make the Listing discoverable, a Store Administrator must:

- Set *Inside/Outside*
- Select *Approve*

The screenshot shows the AppsMall Admin interface for managing app component listings. The main title is "Training Test App Component". It has tabs for Description, Feedback, Scorecard, and Details (which is selected). Below the tabs, there's a section for "Specifications" with a question mark icon. On the left, there's a sidebar with "Settings" containing "Inside" (selected) and "Outside" options, and "Actions" with "Approve" and "Reject" buttons. Two large green arrows point from the text above to these buttons. The main content area includes sections for "Intents" (No Intents), "Required" (Training Test App Component Requires, Add), and "Changelog". The changelog shows two entries: "Listing Submitted" on 08/19/2013 at 02:34 PM EDT by Test Admin 1, and "Listing Created" on 08/19/2013 at 02:33 PM EDT by Test Admin 1. The "Sort by" dropdown is set to "most recent".

Add to OWF

The screenshot shows the AppsMall mobile application interface. At the top, there's a navigation bar with the AppsMall logo, a search bar, and filters for 'All Listings' and 'Highest Rated'. Below this is a 'Get Started...' section with a 'New Arrivals' count of 31. The main content area displays an app component titled 'Training Test App Compon...', which is currently in 'Alpha' status. The 'Add' button is highlighted with a green oval. Below the app listing are tabs for 'Overview', 'Reviews', and 'Details', followed by a brief description and a user rating of 3 stars. At the bottom, there's a footer menu with items like 'Fix It', 'New Arriv...', and several other app components listed with their own ratings.

Click Add to add the listing to OWF App Components Menu

Confirmation

The screenshot shows the Apps Mall application interface. At the top, there are navigation tabs: 'My Apps' (highlighted with a green box), 'App Components' (also highlighted with a green box), and 'Store'. To the right of the tabs are links for 'INTELLIGENCE COMMUNITY' and 'Test Admin 1'. A search bar with a magnifying glass icon is positioned above a banner that says 'Get Started...'. Below the banner, there are two sections: 'All Listings' (with a '00' icon) and 'New Arrivals' (with a '31' icon). A yellow star icon labeled 'Highest Rated' is also present. In the center, a modal window is open for an 'App Component'. The title is 'Training Test App Compon...', it's marked as 'Alpha', and has a rating of '★★★★★ (0)'. Below the title, there are three tabs: 'Overview' (selected), 'Reviews', and 'Details'. The 'Overview' tab contains the text 'Testing, Testing 1, 2, 3'. To the left of the modal, there's a section titled 'Highest R...' with a 'Fix It' app component listed. The 'Fix It' component has a rating of '★★★★★' and a small icon. At the bottom of the page, there are several other app components listed: 'Training Tes...', 'Fallout Prep.', 'Dynamic Sol...', 'Radio', 'Flight Watch', and 'Disaster Rec...'. Each of these components has a rating of '★★★★★ (0)' and a small icon. A green oval highlights a success message at the bottom right: 'Added' followed by 'The App Component was successfully added.'

The screenshot shows the Oracle Web Forms application interface. At the top, there are navigation links: 'My Apps', 'App Components', 'Store', and a help icon. To the right, it says 'INTELLIGENCE COMMUNITY' and 'Test Admin 1'. Below this, there's a 'Contacts Manager' panel with a '+ Create' button. A 'Google Maps' component is embedded in the page, showing a map of the Mid-Atlantic region with major cities like Harrisburg, Altoona, Johnstown, and Pittsburgh. A large green arrow points from the text 'Click or Drag and Drop the App Component into an Application pane' down towards a black rectangular button labeled 'Training Test App...'. This button has a yellow icon with a question mark inside. In the bottom left corner, there's a smaller map of Virginia and surrounding states with a search bar and 'Get Directions' button. The bottom right corner contains a copyright notice: 'Map data ©2013 Google - Terms of Use Report a map error'.

Launch in OWF

A screenshot of the Intelligence Community application interface. At the top, there's a navigation bar with 'My Apps', 'App Components', 'Store', and a help icon. Below the navigation is a search bar with 'Load Time Log' and 'Directions' buttons. A sidebar on the left contains 'Load Time Log' (with a date dropdown), 'Message' (with a message input field), and a 'Directions' section with 'From' and 'To' fields. The main area is a map of the Mid-Atlantic region, including parts of Pennsylvania, Maryland, Delaware, and New Jersey. A 'Warning' dialog box is centered over the map, containing the text: 'This pane can only contain one App Component. Adding Training Test App Component to the pane will replace the Google Maps App Component.' with 'OK' and 'Cancel' buttons. The bottom right of the map area has a small note: 'Map data ©2013 Google - Terms of Use Report a map error'.
